

Digital Vision for Assam

In first of its 2014 seminar series, North East Development Foundation and Digital Empowerment Foundation together are organising a multi-stakeholder consultative seminar on ***'Strengthening Access & Delivery in Citizen Services: A Stakeholders Discussion on e-Governance, e-Education & Learning & e-Health towards effective e-Services Delivery,'*** in Guwahati, Assam on 20th, June, 2014.

The topic of the high-level stakeholders' seminar is linked to thematic priority areas identified based on its priority focus in both policy and programme focus in Assam in particular and North East in general. The seminar will focus on discussing approaches and methods for e-government, e-education & learning and e-health service take-up. The timing to address this issue is crucial since it is currently at the heart of national and state e-government, education and health agenda.
