THE CITIES OF DELHI

AT A TIME OF RAPID MODERNISATION OF PUBLIC SPACES IN INDIA — SOMETIMES TO THE DETRIMENT OF HERITAGE SITES AND CULTURAL TRADITIONS — IT BECOMES CRITICAL TO PRESERVE THE HERITAGE, MAKING IT ACCESSIBLE TO ALL FOR THE SAKE OF POSTERITY.

- The e-Heritage Project seeks to collaborate with communities to bring heritage into the digital space
- Build capacity of the local community to document heritage in their area
- Educate and involve the local communities in the preservation of heritage sites
- Utilise the Internet as an information platform for public education about the Indian heritage
