Mission: To empower marginalised communities in information dark regions to access, consume and produce information online using digital interventions and ICT tools.

Vision: To end information poverty and social backwardness by bringing about a digital revolution.

Digital Empowerment Foundation (DEF) is a Delhi-based non-profit organization working towards empowering people to gain access to better healthcare, education, skills and livelihood opportunities through digital literacy and digital tools. The organization’s main focus is to make technology easily accessible to the masses, to empower women, youth, persons with disabilities and the elderly through providing functional digital literacy, media literacy, and digital up-skilling across agriculture, micro and nano-business, health, education, livelihood, and entrepreneurial skills. Over the last 20 years, the organization has been actively engaged in digitally empowering local communities through its 2,000 Community Information Resource Centers. These centers are supported by a widespread network of 10,000 digital foot soldiers located across 24 states and 135 districts in rural, tribal, marginalized and unreached areas. DEF has directly impacted the lives of more than 30 million people including people from below the poverty line, women, artisans, youth, persons with disabilities, and the elderly.
